- **“Supplier”** refers to any individual/business that UFlex procures equipment, products, raw material, or appliances from.
- **“Sustainable Procurement”** involves making sure that the products and services UFlex buys are as sustainable as possible, with the lowest environmental impact and an increase in social responsibility.

4. Policy Commitments

- We strive to minimize our environmental impact by prioritizing technologies, products and services that promote resource conservation, reduction in waste generation, energy efficiency and greenhouse gas emission mitigation.
- We are dedicated to sourcing products and materials responsibly, free from forced labor, child labor, and unethical practices. We prioritize Suppliers that provide fair wages, reasonable working hours, and a safe working environment.
- We are committed to reducing the usage of hazardous chemicals / products and phasing out of toxic chemicals over a period across all our operations.
- We assess Suppliers based on their commitment to ethical practices, including their labor policies, compliance with applicable laws, and their social and environmental performance.

- We encourage Suppliers to provide transparency and traceability in their supply chains, ensuring that the origins of products and materials are known and meet our ethical standards.
- We select and evaluate Suppliers based on their alignment with our sustainability goals, including their environmental and social performance, certifications, innovation, and overall commitment to sustainable practices.
- We are committed to monitoring and measuring our sustainable procurement performance, establishing key performance indicators (KPIs) to assess progress, conduct regular reporting, and carry out monitoring and audits.

5. Supplier Expectations

The Suppliers are expected to:

- Comply with all applicable national and international rules, laws, and regulations.
- Respect and acknowledge the fundamental rights of his employees.
- Provide safe and fair working conditions to its employees.
- Strictly prohibit all forms of slavery including child labor, forced and bonded labor.
- We should provide fair compensation as per the applicable state and national rules and regulations.

6. Roles & Responsibilities

The following are the outlined roles and responsibilities for the Sustainable Procurement Policy:

- The **Procurement Head** is responsible for ensuring the Policy is communicated effectively and adhered to across the business function.
- The **Internal Audit team** reviews procurement activities to ensure that commitments of this Policy are being adhered to. The Company reserves the right to conduct internal or external assessments of its Suppliers to check their adherence with this Policy.

7. Communication and Training of the Policy

Our Sustainable Procurement Policy is made available to all our stakeholders on our website.

The Company provides regular training to all procurement professionals and the managing team on fostering commitments of this Policy in their business processes.

At UFlex, we are also committed to raising awareness on sustainable procurement amongst our Suppliers and ensuring that we provide training to them as and when required.

8. Monitoring and Review

The Procurement team is responsible for upholding the commitments of this Policy and monitoring progress towards the same. In case the Supplier fails to take appropriate measures to

mitigate risks that arise during assessment, the Company reserves the right, in addition to its contractual rights, to end the Supplier relationship with no further obligations.

The Policy undergoes a formal review and revision process every year, where the effectiveness of existing initiatives is assessed. The Procurement Head is responsible for monitoring and reviewing this Policy and presenting the updates to the Board of Directors for final approval.
