

With Uflex's focus on developing sustainable innovations and solutions for Brand Owners and Flexible Packaging Industry, our global film manufacturing arm FlexFilms has taken its green thumb to greater heights with the addition of a range of eco-friendly films to its robust product portfolio.

Our plant in USA began manufacturing Specialized PET films under the brand **Asclepius™** that are a family of plain, treated, coated, high barrier, high bond and heat-sealable BOPET films based on **90% Post-Consumer Recycled-content (PCR)** polymer content.

SCS Global Services does hereby certify that an independent assessment has been conducted on behalf of:

Flex Films (USA) Inc

1221 North Black Branch Road , Elizabethtown, KY, United States

For the following product(s):

Plastic:

PCR PET Plastic Film

The product(s) meet(s) all of the necessary qualifications to be certified for the following claim(s):

SCS RECYCLED CONTENT CERTIFIED

Conforms to SCS Recycled Content Standard V7-0 for a **Minimum 90% Post-Consumer Recycled PET Content**. The material quantification and mass-balance calculations are completed on a dry-weight basis.

MINIMUM 90% RECYCLED CONTENT
POST-CONSUMER

Registration # SCS-RC-04723

Valid from: November 1, 2018 to October 31, 2019
